

# The Adventures of Decimal Guy!

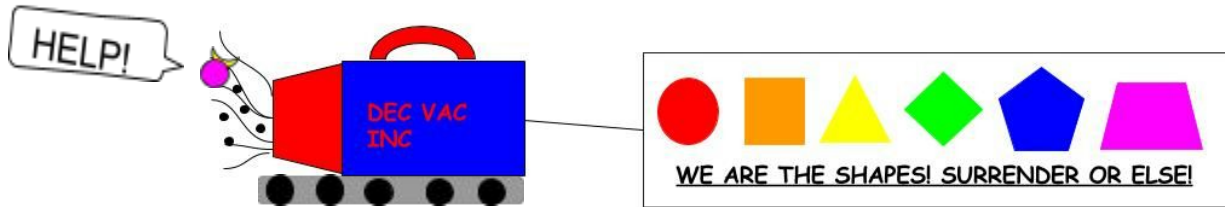

## Episode 1: meet Decimal Guy!

On a dotty morning in Deciville, a decimal point, that everyone called Decimal Guy, went for a walk. About halfway through, he saw a big huge thing that said "*DECIMAL VAC INC.*"

"OH NO!" he shouted, as he watched it suck up his friends, "I have to do something!" But what will I do? he thought. A giant, decimal vac with tracks pulling a banner that said

“We are the shapes!  
Surrender or else!”

“Oh no!” thought Decimal Guy, “I have to stop them! But how?...” Suddenly, Decimal Guy heard his best friend Deci calling for him! She was being sucked into a DECIMAL VAC INC. a secret. He rushed(?) to help her! When he got there, he was (maybe?...) too late! She was being sucked up into one! He very dumbly followed her into it. Why, Decimal Guy? WHY!?
